T: 01457 833672 | F: 01457 839923 | E: info@jurang.co.uk

A company registered in England & Wales: 0713 7738 | VAT Number: 972 0983 92

Examples of how quickly you can see a potential return on your investment

Example 1

New start up business; coffee shop selling on average 50 cups per day.

Proposed Equipment:	Jura XJ9 Bean to Cup Machine & Milk Fridge
Documentation Fee:	£150.00 +VAT
Monthly Lease Payment:	£74.00 +VAT
Weekly Equivalent:	£17.08 +VAT
Cost of producing one coffee*:	£0.35
Average selling price of coffee:	£1.75
Profit per cup of coffee sold:	£1.40

This means that after selling just 13 cups of coffee in a week you will exceed the weekly cost of the equipment lease.

Example 2

Established business; busy coffee shop selling on average 150 cups per day.

Proposed Equipment:	Jura GIGA X7 Bean to Cup Machine & Milk Fridge
Documentation Fee:	£150.00 +VAT
Monthly Lease Payment:	£135.00 +VAT
Weekly Equivalent:	£31.15 +VAT
Cost of producing one coffee*:	£0.35
Average selling price of coffee:	£1.75
Profit per cup of coffee sold:	£1.40

This means that after selling just 23 cups of coffee in a week you will exceed the weekly cost of the equipment lease.

Other Benefits of Leasing:

- **Tax Benefit:** Monthly lease repayments can be deducted as a tax-deductible trading expense
- **Lease-to-buy:** You own the equipment at the end of leasing contract
- **Fixed Repayments:** Budget accurately and simplify your cash flow projections.

* Cost based on 12,5g portion of coffee beans, 150ml milk, 2 sugar sticks, paper cup, lid & cardboard sleeve
